iDJ 3

iDJ3 Mixing Console for iPod / iPhone - DJ3 is a complete DJ system that works with the music on your Mac or PC – and your iPod*. It's designed to directly connect to your computer so you can mix your favorite tracks with performance DJ controls. Plus, you can dock your iPod or iPhone to play tracks or record your mix. iDJ3 gives you the classic two-turntables-and-a-mixer setup used by DJs everywhere. You can scratch, mix, loop, and much, much more. iDJ3 also has all the inputs and outputs you'll need for your headphones, speakers, and a mic. Plus, iDJ3 is portable, so you can grab it and go, ready to DJ anywhere.

<h2>DJ Packages</h2>			
DJ IN A BOX	 2 x TT1610 multi-directional efficient belt drive turntables with aluminum platters, 1 x DM950 2 channel + mic mixer, EQ on each channel, slider style cueing, 1 x HF125 flexible 7-position dual headphone, 2 x Groove Tool™ cartridges and slipmats	263,00	316,00 EUR
NEW iCD DJ in a Box	 iCD DJ IN A BOX iCD DJ IN A BOX is a complete DJ setup with two CD players, headphones, and a DJ mixer with iPod dock. iCD DJ IN A BOX features components with rugged construction and powerful performance features. NDX200 CD players each have a large jog wheel for comfortable performance. Numark's Anti-Shock™ buffered skip-protection technology keeps your music playing even when vibrations might cause other players to skip. Seamless looping enables you to easily create and integrate loops to create instant remixes. A two-channel iM1 mixer has all the essentials, such as two input channels, main and headphone outputs, mic input, and smooth faders. Plus it's the world's first DJ mixer that enables you to play tracks from a docked iPod and record your mix to the iPod. iCD DJ IN A BOX is a package that's completed with crisp, clear HF125 headphones for previewing your mix.	333,00	400,00 EUR
NET FUSION 494	 Fusion 494 DJ Package 2 x Axis 4 CD players, DM950 Mixer and HF125 Headphones and Hardcase !!!	 333,00	400,00 EUR
<h2>CD/iCD/Mix Combinations</h2>			
NEW MIXDECK QUAD	 MIXDECK QUAD •Complete system with CD/MP3/USB decks, mixer, computer audio and MIDI interface, and iPad core MIDI and audio support •MIDI integration of decks and the mixer for controlling both computer software and iPad apps •iPad supported by Algoriddim DJAY, Two-deck Native Instruments Traktor LE software is included in Europe •Four-deck Virtual DJ software is included in North and South America •Play from CDs, MP3 CDs, USB flash drives, iPod, computers, and external inputs •Four-channel mixer with EQ/rotary kills, replaceable crossfader, and MIDI control •Inputs: Two Mic (XLR and 1/4"), Four Aux (RCA stereo pairs), iPad Connector, Computer (USB, stereo) •Outputs (all stereo): Main (balanced XLR & RCA), Booth (RCA), Record (RCA), Deck 1 (RCA), Deck 2 (RCA), Cue (1/8" & 1/4") •Beat-synced DSP effects with wet-dry fader: chop, echo, filter, flanger, pan, phaser •Control MIDI software, with no timecode needed, via USB, CD direct outputs for use with timecode interfaces •Adjustable start and stop time for vinyl-like deck performance •Automatic BPM analyzer and Tap tempo for manual BPM entry, Slide BPM ±6, 12, 25, and 100% or bend with pitch buttons •Key Lock holds pitch while you independently manipulate its BPM, Seamless looping, sampling, and easily accessible hot cues •Keep time moving forward while you cut or reverse the track using Bleep/Reverse •Single-track, continuous, and programmable playback, Fader Start plays the cued track when you move the crossfader MIXDECK is a complete system for every DJ who enjoys different kinds of music sources. Whether your music is on CDs, MP3 CDs, USB flash drives, iPod, your computer, or even other analog players, you can mix and perform with it all using MIXDECK. This performance station has the traditional two-decks-and-a-mixer layout you're used to, but that's where time-honored DJ tradition meets Numark innovation. •Perform with CDs, MP3 CDs, USB flash drives, iPod, computers, and external inputs •Complete system with CD/MP3/USB decks, mixer, computer audio and MIDI interface, and Universal Dock for iPod •Record your set to iPod and listen later •Mixer with EQ/rotary kills, replaceable crossfader, and complete controls for iPod •Serato DJ Intro software included •Pre-mapped for Traktor Pro 2 and Virtual DJ Pro •USB computer interface for software control and audio streaming •Inputs: Mic (1/4"), two Aux (RCA stereo pairs), iPod dock, Computer (USB, stereo) •Outputs (all stereo): Main (balanced XLR & RCA), Booth (RCA), Record (RCA), Deck 1 (RCA), Deck 2 (RCA), Cue (1/8" & 1/4") •Beat-synced DSP effects with wet-dry fader: chop, echo, filter, flanger, pan, phaser •Smooth, fast, slot-loading drives with large, touch-sensitive illuminated platters •Control MIDI software, with no timecode needed, via USB •CD direct outputs for use with timecode interfaces, Adjustable start and stop time for vinyl-like deck performance •Automatic BPM analyzer and Tap tempo for manual BPM entry, Slide BPM ±6, 12, 25, and 100% or bend with pitch buttons •Key Lock holds pitch while you independently manipulate its BPM •Seamless looping, sampling, and easily accessible hot cues •Keep time moving forward while you cut or reverse the track using Bleep/Reverse, •Fader Start plays the cued track when you move the crossfader, Single-track, continuous, and programmable playback •Two large, backlit displays for BPM, CD/MP3 text tags, and folder navigation INCLUDES: MIXDECK universal DJ system, Serato DJ Intro software, USB cable, Audio driver CD, Power supply.		TBA EUR
MIXDECK	 This coffin-style case is designed specifically for MIXDECK, the universal DJ system. A professional system like MIXDECK, demands a hard case for transport to and from the gig. Risking your investment with a gig bag or worse, no protection, is just asking for trouble.	104,00	125,00 EUR
