

### Features

- Modern, Stylish Wall Plate
- Elegant Design
- Simple Installation
- Screwless Terminal Block Wiring
- Four-Step Volume Control

### Description

The ATT-03 and ATT-30 are 3W or 30W attenuator units. The units feature an elegant design with a modern, stylish wall plate. Installation is simple and features a screwless terminal block for easy wiring. The front plates are made from durable ABS plastic. Both units have a four-step volume control with off, low, medium and high settings.

### Technical Specifications

| ELECTRICAL             | ATT-03               | ATT-30               |
|------------------------|----------------------|----------------------|
| Rated Input            | 3W                   | 30W                  |
| Rated Wattage          | 2 - 3W               | 7 - 30W              |
| Input Impedance        | 5kΩ - 3.3kΩ          | 1.4kΩ - 330Ω         |
