

LUXIBOARD

Electromagnetic Dual Pen iWB

Optional 20W+20W RMS speakers

PVC writable surface

LuxiBoard EM+ uses electromagnetic technology to offer a work surface robust, durable, suitable for writing, washable... and Interactive! Thanks to the wireless electromagnetic pens you will be able to check the contents of your computer directly from your whiteboard very easily and for sure use the solution with the best quality / price ratio available on the market. LuxiBoard EM+ also can be used simultaneously by two users: thanks to this feature, for example, the teacher and the student will be able to work simultaneously on the interactive whiteboard, increasing the level of involvement in the didactic activity. The two interactive pens provided with the iWB are equipped with a super capacitor: it means that they don't need any battery and assure a life-long performance!

Technical specifications

Model	Luxiboard EM PLUS 83	Luxiboard EM PLUS 89
Ligra code	LIWB83EMP	LIWB89EMP
Technology	Electromagnetic	Electromagnetic
Active area (diagonal)	83"	89"
Active area (size)	170,8x122,1 cm	193,8x116,1 cm
Ratio	4:3	16:10
Frame	Aluminium	Aluminium
Surface	PVC, writable/washable	PVC, writable/washable
Simultaneous inputs with interactive pen	2	2
Method of input	EM Pen (2 provided with the iWB)	EM Pen (2 provided with the iWB)
